

The resources in this packet can be used to create a bulletin board showcasing Code Maroon, the university's emergency notification app.

Note: ALL students are automatically enrolled in email notifications, but the app will allow for phone notifications which may be more readily accessible.

Layout Idea:

ATM

**CODE
MAROON**

Emergency Procedures

Quick Reference for Emergency Procedures

Active Shooter

Bomb Threat

Concerning Behavior

Suspicious Package

Severe Weather

Haz Mat

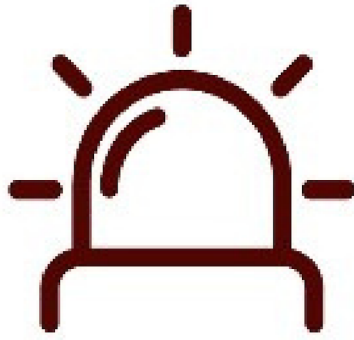

Airborne/Foodborne Illness

First Aid

Evacuation

Fire Safety

Gas Leak

Mobile BlueLight

One Tap Trigger

**Calls 9-1-1 and
Shares Your Location**

Safety Toolbox

Tools to Enhance Your Safety

I'm OK!

Sends your location and a text that you're okay to a person of your choice.

Share Map With Your Location

Emails your location and a map to a friend.

Notification History

A history of all notifications sent to your app.

Flashlight

Turns on your phone's flashlight.

Friend Walk

Send your location in real-time to a friend. They can make sure you get home safely, and they can trigger 9-1-1 calls if needed.

Emergency Contacts

**One-Click Buttons for Important
NON-EMERGENCY Phone Numbers**

University Police

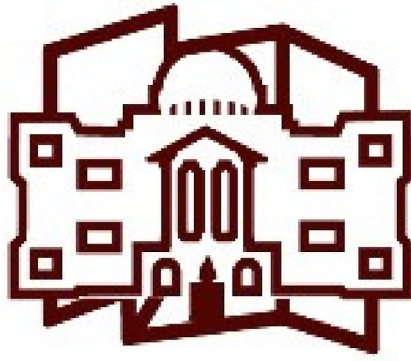

TAMU EMS

College Station Police

Bryan Police

Brazos County Sheriff

**For emergencies,
ALWAYS call 9-1-1.**

Campus Maps

Campus Map
Transit Map
Parking Map

**This is the Emergency Management
Linktree code with helpful links. We'd
love it if you shared this on the board,
too!**
